

October 1, 2024

Autumn season is here, which typically means shorter days and cooler temperatures. This is not our Bay Area experience with the current weather! The changing of the leaves also indicates the changes in seasonal sports. Many of you know, but if you do not, we moved from our sports Website and are still trying to figure out where to put all the Athletics Details. This also has meant that we shifted to a different registration process; that in some ways is better, and in other ways is harder too. There are three parts required to be fully registered going forward. 1) CYO portion, 2) GSS Google Form submission, 3) Payment

Girls Volleyball Grades 3-8

We had several teams go to the Flame tournament, and two teams (5th and 6th grade) came home with trophies! Well done, teams, and well done to everyone who participated. This weekend is the halfway mark of the regular season (it ends 11/3/24). Afterward, we move to the playoffs and then the championships.

Save November 1, 2024, for 8th-grade Celebrations. Think of it as “senior night” for our eighth graders, and we want to celebrate them big!

Cross Country Grades 3-8

CYO registration is still **OPEN**, and it closes this Friday, 10/4/24 at 5pm. We currently have 21 enrolled runners!

The competitive Meet is November 3, 2024, at the Crystal Springs Cross Country Course (1.1 miles for Grades 3-5 and 2.2 miles for Grades 6-8). This is typically an all-day event!

Practices are on campus with Coaches Megan and Jessica on Fridays from 3:15 to 4:15. They started last Friday, 9/27/24.

Boys Basketball

CYO registration is **OPEN**. GSS Google form and square payment information to come.

Coach recruitment and gathering preferred practice times are currently in progress.

Although we decided the tryout date in the summer, there has been several that have spoken up to do this earlier. We are working to find an earlier date than the November date we had planned. I will share once we know.

In summary, Part 1 of 3 is the CYO registration, which is **OPEN for all sports for 2024-2025**.

Yes, you can go in now and complete part 1/3 for Co-Ed Cross Country, Boys Basketball, Girls Basketball, and Boys Volleyball! Use the link below:
